About SIBBM: the Italian Society of Biophysics and Molecular Biology

A nonprofit scientific organization founded in 1965 with **187 members as of today**.

Average members age: 41 . Junior members: 45%

The Society's purpose is to advance science in **Biophysics and Molecular Biology**

SIBBM ACTIVITIES

- Yearly SIBBM Seminars

“Frontiers in Molecular Biology”

https://www.sibbm.org/sibbm_seminar.php

and Joint PhD Meetings with ABCD

REGISTRATION AND COSTS

	EARLY BIRD FEE (Until 9 May 2022)	REGULAR FEE (Until 3 June 2022)	ON-SITE FEE
SIBBM member*	€ 200	€ 220	€ 300
Junior SIBBM member*	€ 100	€ 120	€ 180
Regular participant	€ 300	€ 320	€ 400
Junior participant**	€ 160	€ 180	€ 250

SIBBM ACTIVITIES

- **Funding SIBBM lectures** by distinguished international speakers
https://www.sibbm.org/sibbm_lectures.php
- **Travel Awards and Visiting Fellowships** for Young Investigators

SIBBM ACTIVITIES

• Travel Awards and Visiting Fellowships for Young Investigators

Travel grants

The SIBBM is awarding travel grants (max. 350 EUR per person) to Ph.D. students or postdocs who are SIBBM members with fully paid fees.

Visiting Fellowships

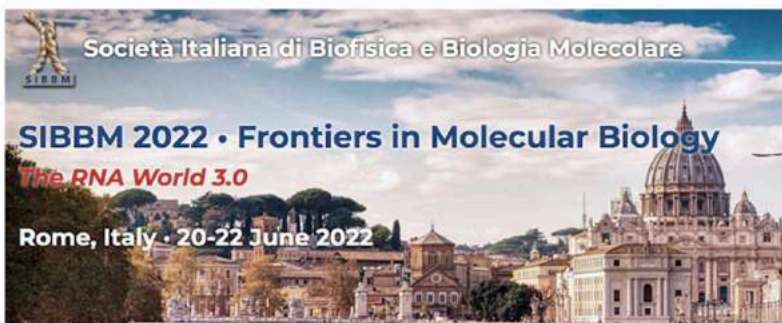

SIBBM will support the Italy-New York visiting fellowship program announces earlier, and take on the selection process

SIBBM supports short-term research visits to an Italian or foreign laboratory. The aim is to facilitate valuable collaborations with research groups applying techniques that are unavailable in the applicant's laboratory. Eligibility criteria:

- Ph.D. students with at least two years of experience after their master degree or post-doctoral scientists who have obtained their Ph.D. degree within the last 5 years.
- The applicant must be a SIBBM member with fully paid fees.

Duration: from 1 to 2 weeks.

FOCUS ON: visit our website, there are two interesting initiatives in the news!

Participate in the survey that investigates ideas and proposals for the 2023 SIBBM seminar!

[LET'S PLAN AHEAD! 2023 SIBBM SEMINAR](#)

and join the public consultation as part of the scientific community.

[PUBLIC CONSULTATION ON THE PROPOSED NATIONAL PLATFORM TO BE CREATED AT THE HUMAN TECHNOPOLE](#)

Don't forget the New York career day!

SIBBM is happy to announce the launch of a visiting fellows program dedicated to Italy-New York networking. Stay tuned news on the subject!

GRANTS AND TENDER OPPORTUNITIES

New!

EU4Health - Call 2022

Deadline: 24 May 2022

Eligibility: To be eligible for funding, applicants must be legal entities (private entities) and be established in one of the eligible countries, ie: E Member or Associated States and EU4Health Associated Countries.

Size: The total available budget is 107,300,000 euros.

[Read the guidelines »](#)

New!

AIRC Fellowships (Italy Pre Doc and Post Doc - Abroad) and Post Doc - Gianni Bonadonna Fellowship

Deadline: 8 June 2022

Eligibility: AIRC fellowships support the training of young graduates in oncological research, under the supervision of established investigators

SIBBM AND COVID:

<http://sibbm.zanichelli.it/english/>

And: new Italian edition – Watson-Biologia Molecolare del genbe

SIBBM AND ZANICHELLI:

Watson-Biologia Molecolare del gene - New Italian edition

besides capillary text revision, contains deepenings on several subjects including SARS-CoV2 molecular biology:

COVID-19: biologia molecolare e infezioni virali

Il capitolo su COVID-19 è stato realizzato in collaborazione con la SIBBM, Società italiana di Biofisica e Biologia molecolare, e si estende online nel sito sibbm.zanichelli.it, a cura di Valeria Poli (Università degli Studi di Torino) e Barbara Illi (IBPM-CNR). Il capitolo è composto dai seguenti approfondimenti:

Spillover e pandemia di COVID-19: una prospettiva genomica di Matteo Chiara¹, Barbara Illi², Graziano Pesole¹

Contrastare la pandemia con la bioinformatica di Matteo Chiara¹ e Graziano Pesole¹

Il virus CoV-2 alla luce della biologia strutturale di Linda Celeste Montemiglio², Adele Di Matteo², Carmelinda Savino², Barbara Illi², Andrea Ilari²

Struttura del genoma e riproduzione virale di Barbara Illi²

La diagnosi: dagli strumenti molecolari all'intelligenza artificiale di Barbara Illi², Matteo Chiara², Graziano Pesole¹

Il monitoraggio: i test sierologici di Federica Facciotti³

Lo sviluppo dei vaccini di Barbara Illi, Ferdinando Di Cunto⁴

Honorary Member Honorary membership is awarded to internationally renowned scientists over 70, previously SIBBM members. Honorary members are nominated by at least one SIBBM regular member, approved by the Executive Committee and voted by the General Meeting. The membership is free and permanent.

			
Junior Member	Regular Member	Supporting Member	Honorary Member
Reserved for applicants under the age of 35 who do not have a permanent position in universities or public or private research institutions.	The application will require an endorsement by two regular SIBBM members	This status is meant to allow the participation of Individuals, Institutes, Entities, Foundations, Associations and Private Companies to financially support the activities of the SIBBM.	Honorary membership is awarded to internationally renowned scientists over 70, previously SIBBM members. Honorary members are nominated by at least one SIBBM regular member, approved by the Executive Committee and voted by the General Meeting.
The Junior member automatically passes the right to be a Regular Member at the age of 35, and have a track record of at least three publications in internationally referenced scientific journals or a permanent position in a public or private University or research organization.			
€15 / year	€50 / year	equal or more than 50€ / year	The membership is free and permanent
