

**Senior researcher position in:**

***Sex dimorphism in skin aging and cancer susceptibility***

A senior research position is available for an individual with outstanding track record in mammalian cell biology and epigenetics and demonstrated organizational / administrative skills, within a research program led by G. Paolo Dotto, MD, PhD at the Cutaneous Biology Research Center (CBRC), Massachusetts General Hospital (MGH) / Harvard Medical School (HMS). Overall research efforts, at the interface between basic and clinical sciences, are on sex differences in cancer susceptibility, with a specific focus on androgen signalling in skin aging and cancer (melanoma). For more information, see <https://www.massgeneral.org/dermatology/research/cutaneous-biology-research-center/faculty-labs/gian-paolo-dotto>

**Requirements :**

- PhD in Cell Biology or Genetics , or MD with > 2 years basic research experience
- At least two first author papers in high-ranking journals (impact factor >8)
- Skills in bioinformatic analysis of large data sets
- Writing and organizational skills
- Demonstrated capability to work independently and collaborate/supervise work of others

**Work information :**

- Competitive salary dependent on previous experience, with possibility of substantial status advancement depending on performance
- Contract duration :1 year, renewable up to 5 years
- Expected start date: February 1<sup>st</sup> or later, as needed
- Activity rate: 100 % (mostly research, with some laboratory management tasks)

**How to apply :**

- Send an entitled e-mail “*MGH Researcher Application*” to [gdotto@mgh.harvard.edu](mailto:gdotto@mgh.harvard.edu) providing the following :
- CV with publication list
- Names and contact information of three referees, with an indication of in which capacity they know the candidate
- 1 page description of main research achievements
- 1 page motivation letter with an indication of how the candidate’s previous experience can be integrated / applied to the host laboratory research program
- Deadline application : February 1<sup>st</sup> 2023

Retained candidates will be notified by email within 2 weeks of their applications.
